

A Moment for Missions

*From the Edgerton Community Outreach website
Volunteering and Internship page:*

Edgerton Community Outreach offers a variety of volunteer and internship roles to match different interests, schedules, and skill sets. ECO proudly supports students and individuals seeking a sense of community, school-required volunteer hours, internships, college service learning placements, and community service hours.

No matter your experience or availability, there is a place for you at ECO. Whether you can give a few hours or are looking for a more ongoing role, your time makes a real difference.

We welcome individuals, students, families, and groups who want to support their community in a meaningful way.

Edgerton Community Outreach (ECO) is built on the generosity and dedication of our volunteers. Every program we offer — from our food pantry to our thrift operations — relies on people who are willing to give their time to support others in our community.

We provide hands-on experience in a nonprofit setting, with opportunities to build skills in organization, customer service, teamwork, and community engagement. We are happy to work with schools and programs to help you meet your requirements.
